RE: The Pet Safety and Protection Act, S. 714 / H.R. 1280

The Pet Safety and Protection Act (PSPA) will stop companion animals from ending up in research facilities. The PSPA amends the Animal Welfare Act to prohibit USDA-licensed Class "B" Dealers (who obtain animals from "random sources") from supplying cats and dogs to research facilities. Many of these animals are stolen pets, strays, seized from shelters or obtained falsely through "free to good home" ads. As your constituent, I want to let you know I support this Act and I urge you to cosponsor this important legislation immediately. Please help make America a safe place for pets.
